Police Arrest 2 Youths, Seek 3rd Following Chase

Circleville Police are still searching for a local juvenile, one of three boys who have been charged with breaking and entering and two counts of grand larceny of automobiles as a result of a crime spree that began late Thursday night when they had "nothing to do."

The two youths were apprehended in Mt. Sterling, about a mile from where they wrecked a stolen 1971 Ford LTD during a high-speed chase, and about three hours after police units from a three-county area discontinued their search of the area in rural Madison County.

The third youth apparently split from the other two and has not been apprehended. However, police discovered his identity from fingerprints processed from the two stolen vehicles by agents of London's Bureau of Criminal Investigation and talks with the other youths.

The two cars that were stolen were a 1969 Buick owned by Martin Sharrett, 163 Montclair Ave., and the 1971 Ford owned by Circle Auto Parts, Inc., 123 E. Franklin St. Sharrett's vehicle was recovered in operating condition, but the Circle Auto car was almost completely destroyed in the accident.

Police said the youths picked up Sharrett's car, which was being operated by David Sharrett, his son, in

an alley beside Giovanni's Pizza between 10 and 10:30 p.m. Thursday.

Young Sharrett did not report the theft to police until about 2:30 a.m. Friday because he thought his father had picked up the car and driven it to their Montclair home.

The three youths allegedly drove the car to Ashville and returned to the city sometime after midnight, leaving the vehicle on the side of Route 22, between the C & O Railroad overpass and the Scioto River bridge.

Police Sgt. Larry Pontious spotted the car while transporting the two youths from Mt. Sterling to the Pickaway County Jail about 7 a.m. Friday. Deputy Sheriff J. Phillip Brown made the recovery.

After abandoning Sharrett's vehicle, the trio apparently walked to Circleville Auto Parts where they broke glass from an overhead door to gain entry.

The car was parked inside. Circleville Police Sgt. Jerry Smallwood discovered the break-in 1:43 a.m. while patrolling the area behind the store. Sgt. Pontious and Ptl. Ken Henn aided in the investigation.

Meanwhile, the youths drove to South Bloomfield, where they purchased gasoline with a portion of the \$15 in change they found in the vehicle.

They continued to Mt. Sterling, a small village in Madison County, where police Ptl. Tom Walters apparently spotted them driving through a stop sign.

Ptl. Walters, in pursuit, said the youths led him through rural Madison County at speeds in excess of 100 miles per hour.

He was in radio contact with Mt. Sterling headquarters when the driver of the car lost control about a mile north of the village on Route 56. The vehicle spun off the roadway, crashed through a fence, and came to rest in a wheat field.

Ptl. Walters, who was behind the car, called for rescue personnel. But when he was able to get to the car, the youths had left the area.

Sgt. Pontious and Sheriff's Deputy James Dixon joined Walters, three other Mt. Sterling officers, two officers from the Harrisburg Police Department, and Ptl. W. J. Fredendall of the West Jefferson Post of the Ohio State Highway Patrol in a search of the area that began about 2:30 a.m.

Ptl. Fredendall investigated the accident.

The searchers called in the Columbus Police Department helicopter to aid in the search, however the youths were not spotted. Sgt. Pontious said the youths told him they hid along railroad tracks when they spotted the search lights from the helicopter.

The aerial search was discontinued about 5 a.m. when the helicopter was needed for an emergency in Columbus.

But the officers continued checking streets in Mt. Sterling and an off-duty patrolman found the youths walking in the downtown area of the village.

Ambassador Recalled To Protest Base Use

By The Associated Press
The Thai government announced today that it is recalling its ambassador from Washington in protest against the United States using Thai bases for the military operation that recovered the merchant ship Mayaguez from Cambodia.

The government said the United States had violated Thai sovereignty by disregarding Premier Kukrit Pramoj's request not to send 1,100 U.S. Marines to Thailand for use in the operation.

Thailand also said it would demand a review of all economic and military agreements between the United States and its last ally on the Southeast Asia mainland.

Court Street RR Crossing To Be Fixed

Mayor Frank Barnhill today announced that work will begin on Monday on rebuilding of the South Court Street crossing of the Norfolk & Western Railroad.

He stated that representatives of the city have been discussing the serious situation with the various crossings in Circleville with Mr. C. M. Johnson, division engineer of maintenance for the Norfolk & Western Railway Company. As a result of these recent discussions, the railroad will begin the rebuilding of the South Court Street crossing.

The work will involve the complete removal of the existing asphalt crossing, all of the track and ties within the crossing, and the "diamond" which permits the Penn Central Railroad to cross the N & W Railroad. When the crossing is re-installed, timbers will be placed between the rails in order to provide a smoother and longer lasting crossing in this area.

Mayor Barnhill stated that approximately two weeks after this project is completed the speed of the trains will gradually be increased through Circleville. This should eliminate the excessive amount of time waiting for trains to pass that has been experienced recently by motorists using the crossings of the N & W Railroad.

Due to the extent of the work involved, South Court Street will be closed to all traffic between Ohio Street and Huston Street for approximately two weeks beginning at 8 a.m. Monday. The Department of Public Service is cooperating with the Norfolk & Western Railway by providing traffic control during the rebuilding of the crossing.

ROUNDTOWN

OFFICERS of Circleville's Emergency Medical Team are John Adkins, president; Dave Dawson, vice-president; Ron O'Conner, secretary-treasurer; Ernie Lindsey, operations chief; and Larry Kellenberger, vice chief.

Dr. Bill Myers is the group's medical advisor.

LOCAL attorney Allan Berger conducted his own little poll Thursday on President Ford's use of force to rescue the Mayaguez and its crew from the Cambodians. The 43 persons he polled were in unanimous agreement that the president took the proper course of action.

THE two 10-speed bicycles to be awarded in the Cancer Crusade's Bike-A-Thon Saturday are on display in the window of the G. C. Murphy Store at Court and Main Sts. One will be given to the adult collecting the most contributions and the other to a student collecting the most contributions. Other awards include two \$25 Savings Bonds and a number of trophies.

Registration will begin at 11 a.m. and Pickaway County Sheriff's Department will lead the riders from the park at 12:30 p.m. Cyclists for this third year of the event will have a choice of 15, 30 or 45 mile trips along marked routes in the northwest part of Pickaway County. Each will have check points where riders will have route cards marked by React and Rescue volunteers. Each check point will have water, air pumps, first aid and radio communications in case of emergency.

All riders will return to the park to check at the registration station and receive their token for refreshments.

meeting, told newsmen that Ambassador Anant Panyarachun would be asked before leaving Washington to submit a protest note to the U.S. government.

The note would explain that Thailand considers a violation of its sovereignty the keeping of U.S. Marines at a U.S.-run Thai air base for more than a full day after Kukrit formally requested that they be withdrawn, he said.

He said it would add that "we will not allow this kind of incident to occur again."

In Laos, three American aid officials remained under house arrest in the town of Savannakhet, but the U.S. Embassy said they were in no danger. The government sent a delegation to

Savannakhet, 230 miles southeast of Vientiane, to negotiate for their release, and the Embassy denied reports that their lives had been threatened.

The campaign to purge rightists from positions of influence in the Laotian government and armed forces continued with a demonstration by about 200 pilots at Vientiane's Wattay air base. They demanded the dismissal of the air force chief, Gen. Buathong Photninvong.

The Thai government announced that the U.S. Embassy informed it the last of the 1,100 Marines left Utopao air base, on the south coast, late Thursday night.

About 300 of the Marines were

reported to have taken part in the attack on Koh Tang island, off the Cambodian coast, despite Premier Kukrit's repeated demands that no forces from Thailand be used against the neighboring country. Reports from Washington said that some U.S. planes from Thai bases also took part.

Kukrit's brother Seni Pramot, the leader of the opposition in parliament, suggested that the government protest the U.S. action to the United Nations. Several other political leaders called for expulsion of all U.S. troops.

Students in Bangkok burned President Ford in effigy at a rally Thursday night. Today about 20 youths left signs saying "America, Take Your Troops Home" at the U.S. Embassy.

60 Per Cent Gas Curtailment Seen For Large Volume Users

Continued deterioration of natural gas supplies will mean curtailments to large volume industrial customers of Columbia Gas of Ohio will be more severe next winter than last, Calvin Danford, manager for the gas company in the Circleville area, said today.

Danford said 540 large volume and 840 smaller industrial customers in Ohio could anticipate a minimum curtailment of 60 per cent below their normal allocations during the five winter months beginning November 1. He cautioned, however, that the curtailment projections are based on preliminary figures and could be increased.

Last year industrial curtailment reached 55 per cent in Ohio. The industries are currently being curtailed 30 per cent during the summer and 1,560 commercial customers 15 per cent.

Danford said Columbia Gas of Ohio has been notified by its wholesale supplier, the Columbia Gas Transmission Corp., to anticipate a 28 per cent curtailment in its supplies beginning November 1. This compares with an average of 20 per cent last winter.

Claim Minister Banana Bribe Recipient

TEGUCIGALPA, Honduras (AP) — A Honduran investigative commission says that former Economy Minister Abraham Bannaton Ramos got the \$1.2 million bribe United Brands paid to get the banana export tax lowered.

Bannaton Ramos denied receiving any money. He suggested it might have been paid to someone else using his name.

Following the disclosure last month that the American exporters of Chiquita Banana paid the bribe to a high-ranking Honduran official, the Wall Street Journal reported that the money went to President Oswaldo Lopez Arellano. But the chairman of the investigative commission said it was unable to determine if any of the money was passed on to Lopez because he would not let it check his Swiss bank account.

The commission chairman, Jorge Arturo Reina, the rector of the National University, recommended in a broadcast that the new regime headed by Col. Juan Melgar Castro take the case to the courts "to bring back the honor of the country."

Reina claimed that United Brands executive John Taylor paid the money to Bannaton Ramos in Zurich, Switzerland, on Sept. 3-4, 1974.

Bannaton Ramos responded: "There could have been a bank transfer but I did not get the money. One can make bank money transfers in the name of any person."

Reina said prior to the alleged payoff to Bannaton Ramos, Eli M. Black, chairman of United Brands until his suicide this year, came to Tegucigalpa last July to offer the president "several hundreds of thousands" to "fix the banana problem." But he said the commission had information that Lopez rejected the offer.

No. 1 SCANDAL SHEET: THE CONGRESSIONAL RECORD

Ethics Panel Rules Out Free Rides

WASHINGTON (AP) — The House Ethics Committee told congressmen today not to accept free rides in company planes when traveling to political campaign engagements.

This was one of several situations covered in an advisory opinion issued by the committee on circumstances that would permit members and congressional employees to accept non-paid transportation.

A committee spokesman said the opinion was in response to requests for clarification of what House members should do in such circumstances. There has been no similar action in the Senate.

The House panel cautioned that the principal purpose of the trip should be considered in every case.

"If the principal purpose of the trip is political campaign activity, and the host carrier is one who would be prohibited by law from making a campaign contribution, such non-paid transportation would amount to a political contribution in kind, and should not be accepted," it said.

Corporations and labor unions, among others, are specifically forbidden by law from making political campaign contributions.

Even if the trip were not for campaign purposes, a member should not request a special flight for his convenience, the opinion said.

Pygmies In The Universe

Take the numerals 18 and add 20 zeroes to them. That's the estimated distance in miles across the star-spangled universe as far as astronomers can determine.

There are 350 clusters of galaxies, similar to our Milky Way, each containing perhaps 100 million individual stars, similar in size to our sun.

Astronomers note constant movement of these galaxies, some of them outward bound. What the significance is they are unable to determine. In fact, their observations concern detail and not

interpretation. Current studies may lead to an entirely new theory of the universe. Many such theories have been advanced in the past, to be dropped in favor of other guesses.

This is not exactly surprising, since the mind of man is not always entirely competent to cope with the problems of this mundane sphere itself. We have cycles, revolutions, eras, evolutions and other manifestations which may conform to some natural law which escapes the probing human mind.

The mind is great on detail but not particularly impressive in correlating the mass into an ordered whole.

Man can devise gadgets but he cannot regulate their moral and spiritual impact upon the human family.

We are as yet pygmies in knowledge. The marvels we have accomplished are insignificant compared to the knowledge to which we aspire as we search the heavens for the higher intelligence needed if we are to continue to advance.

Today In History

Today is Friday, May 16, the 136th day of 1975. There are 229 days left in the year.

Today's highlight in history: On this date in 1775 — 200 years ago — the first constitutional referendum was held in Colonial America. The Massachusetts electorate rejected its first state constitution. An acceptable one was ratified in June.

On this date — In 1770, Marie Antoinette was married to King Louis XVI of France.

In 1929, the Academy of Motion Picture Arts and Sciences awarded its first Oscars. The winners were: Janet Gaynor and Emil Jannings.

In 1960, a Big Four summit conference in Paris collapsed as the Soviet Union leveled charges against the U.S. after an American U2 plane had been shot down over Russia.

Ten years ago: Munitions explosions at Bien Hoa air base in South Vietnam killed 21 Americans and destroyed or damaged more than 40 planes.

1955

Ed Wallace, Pickaway County's representative to the Ohio Legislature revealed that Route 23 near Gold Cliff Park could become a 35 mile per hour zone during June, July, August and early September. The area had long been a scene of a number of traffic accidents and fatalities.

Berger Hospital held an open house to display the new wing added on to the structure. Equipment and furniture was provided through a continuing gift program of the hospital guilds.

A new fire alarm system was installed at the county sheriff's office for residents of the village of Williamsport. When there was a fire a farmer would dial the Circleville operator and ask for the sheriff's department and give the location of the blaze to one of the deputies. A lever was tripped and the siren in Williamsport set off, summoning volunteer firemen who then called the department for the location of the fire. These arrangements resulted from the new dialing system installed in the village.

The city dump was becoming more of an orphan everyday. Controversy over legal right to handle fires in the dumping area came to a head when a new state highway department caught fire and burned to a tangled hulk with no department making any attempt to save it.

Speaking Of Your Health

by Lester L. Coleman, M.D.

My husband had a mild heart attack and was immediately taken to the intensive care unit of our local hospital. I know that this saved his life.

I would like to share with you readers the comfort I had in watching dedicated people in action.

Mrs. V.K., N.C.

Dear Mrs. K.:

Thousands of people like your husband owe their lives to the highly trained and organized personnel who work in intensive care units.

All hospitals are aware of the great contribution that these units make to seriously ill patients. There are very few hospitals that do not have this important facility. With proper support and pressure by members of the community no hospital needs go without this life-saving advance in hospital service.

These units house electrocardiogram monitoring systems, readily available oxygen, methods for rapid blood study, blood and plasma and intravenous fluids for emergency care.

Businessmen around the country are confident that the worst of the recession is over.

Many executives interviewed recently by The Associated Press say

Auto Sales Again Make Poor Showing

DETROIT (AP) — U.S. automakers report car sales in early May fell 21 per cent from a year ago to the lowest level for the period in 17 years.

The four major U.S. firms reported Wednesday that sales for the May 1-10 period declined from the same period a year ago. Two of them said sales also were off from early April.

Sales of imports, which captured a record 21 per cent of the U.S. car market in the first four months of the year, are reported only at the end of each month.

"We're no longer looking for a rebound," conceded one company analyst who had predicted a spring upturn first for April, and later for May.

"There has been a grinding, almost grudging increase in sales over the past months, and the May figures are a normal continuation of that pattern in this slow year," he added. "But monthly sales will not run ahead of last year until sometime this fall."

While sales remain down, Chrysler Comptroller Roger Helder said prices on new cars this fall will be going up about 5 per cent — \$250 above current models.

U.S. car sales for the period were 162,046, compared with a depressed 204,505 last year, and were down seven-tenths of a per cent from 163,190 in the first 10 days of April.

Latta Supports Ship Recovery

WASHINGTON (AP) — Rep. Delbert Latta, R-Ohio, commended President Ford Thursday for the military actions he ordered taken to secure the recovery of the ship Mayaguez and its crew from Cambodia.

"Without this forthright action I am convinced that our merchant ships would have been subjected to similar acts of piracy in the future," he said. "I deeply regret the sacrifices which were forced upon us in order to reaffirm the right of our merchant ships to sail in international waters safely and unmolested."

The ICU personnel work as a highly trained team. Cardiac and pulmonary resuscitation are just two of the techniques that can spell the difference between life and death.

I'm ashamed to tell anyone that when I have a severe coughing spasm I cannot control the sudden flow of urine. Can anything be done about this?

Mrs. A.E., Ind.

Dear Mrs. E.:

Many women, especially those who have given birth to children, may have some relaxation of the muscles that control the bladder.

With a cough or a sneeze, pressure is exerted on the bladder and urine is forced out without warning.

There are a number of bladder infections, inflammations or other problems which can be responsible for this problem. These can be studied by physical examination, including cystoscopy and X-rays. Once the cause is determined, it usually can be eliminated.

TO BE HONEST ABOUT IT — This is synonymous with "to be truthful," and "to be candid." It amounts to one more lie.

YOU LOOK GREAT — No one says this to be accurate. If you look haggard and close to death, everybody says, "You look great."

WHAT FOOD! TOO BAD I'M ON A DIET — Coax me to kick it tonight.

THE WHITE HOUSE SAID TODAY — America, the only nation with a talking building.

GUESS WHO THIS IS? — The only phone caller who, in good conscience, you must hang up on.

WHAT KEPT YOU SO LONG? — An interrogation based on suspicion between husband and wife. It starts more arguments than politics.

THIS IS STRAIGHT FROM THE HORSE'S MOUTH — My wife's beautiful is a third cousin of a peeping-Tom photographer who follows Jackie Onassis.

AFTER ALL, I'M THE PRODUCER — Get your clothes off, hop on the couch in two minutes, be ready for the makeup department in four.

BUSINESSWISE, WE'RE DOING ALL RIGHTWISE — Our accountant has just been paroled again.

YOU CALL THESE GREENS? — Uttered by anguished golfers who haven't dropped a gimme in two weeks.

HELLO, GORGEOUS! — Uttered by something that looks like an orangutan to something that looks like an arthritic French poodle.

AFTER ALL, MARRIAGE ISN'T EVERYTHING — Preamble of the loser.

WHAT DO YOU MEAN, WHAT DO I MEAN? — The ultimate in family disputes. It questions a question.

WHAT'S NEW? — The hello of family and friends.

I'LL TAKE YOUR WORD FOR IT — You're lying to me.

THE CHECK IS IN THE MAIL — We hope to get it out next Friday.

LOVE YOUR HAIR-DO — Catty girl friend noticing the roots match the rest of the coiffure.

DON'T YOU THINK YOU'VE HAD ENOUGH? — Spoken by wives who are fed up to here to husbands who are fed up to here.

WELL-STACKED — Rarely refers to library shelves.

CONGRATULATIONS — Has several conversational connotations, as in the engagement of an ugly daughter to a handsome boy; a business coup which your friends find incredible; a new baby who awakens screaming at 2 A.M. and 6 A.M.

I LIKE TO FOOL AROUND WITH ASTROLOGY — I believe in it, but I'm afraid you don't, so why start an

argument?

HAVE YOU READ? — Can be any book, so long as it is new and fashionable. The speaker's ultimate disappointment is to find that you have read it.

SHE LOOKS SO THIN AND DRAWN — Two cats talking about one who has just left for the powder room.

MY FATHER ALWAYS SAID — The wife's means of depressing a

husband's value by exalting her old man. Strange, but momma always regarded poppa as a dummy.

OF COURSE, PSYCHOLOGICALLY, THAT'S TRUE — Cocktail conversation used to disagree with a statement without actually disagreeing.

AT THIS POINT IN TIME — The exclusive jargon copyrighted by all who participated in the Watergate mess.

HOW ABOUT A LITTLE DRINKYPOO? — Opening gambit by a male octopus who has a girl in his apartment for the first time.

WHAT'S A NICE GIRL LIKE YOU DOING IN A PLACE LIKE THIS? — Spoken as a postscript to a shameful event.

IT'S BOTTOMED OUT — Used by economic experts to describe a depression; used by bankrupts to describe what they're left sitting on.

LET'S EAT OUT — The flattering invitation of the husband after he has made certain that the meat is in the oven and the vegetables are steaming.

AW, YOU WERE A KID ONCE YOURSELF — Grandpa's merciful plea when a grandchild is about to be spanked. This is the same man who used a hard hand 30 years earlier.

I LOVE YOU — The most abused phrase in the English language, usually whispered by persons who never understand the middle word.

THIS IS THE OPPITTA — What you hear when you dial the wrong number.

I'M HARMLESS, HONEST — The plea of a Frankenstein when he has a girl in a small vestibule.

SO LONG — Utterly meaningless. Everything is either so long or so short. It has nothing to do with farewell, goodbye or adieu . . .

Sale Closing Of Burned Complex Set

SHELTON, Conn. (AP) — The sale closing of a sponge rubber manufacturing complex involved in a March 1 firebombing will be held June 9, a city spokesman said Thursday.

The finances of Grand Sheet Metal Co. of Melrose Park, Ill., have been in a turmoil since the explosion and fire destroyed a huge plant building of Sponge Rubber Products Co., which it controlled through a lease-option arrangement with B.F. Goodrich.

The closing was scheduled Thursday but was postponed on agreement between B.F. Goodrich and Grand Sheet Metal, the spokesman said.

Grand Sheet Metal entered an estimated \$13 million agreement last year to purchase the operating rights with an option to buy the buildings and property of the five-plant complex for about \$4 million, according to city and state records.

Ten men, including Charles D. Moeller of Cridersville, Ohio, president of the Sponge Rubber Products' parent firm, have been charged with federal arson and conspiracy counts stemming from the explosion and fire.

Moeller, president of Ohio Decorative Products Co. of Spencerville, Ohio, pleaded innocent to all counts Wednesday in U.S. District Court in New Haven.

Grand Sheet Metal has filed a \$63 million insurance claim to cover the fire losses.

On Books And Activities At The Library

The world of books can transport you to another land or to another era. Several especially beautiful books which have arrived this week were designed to do this. Be sure to stop by and see them. Just browsing through them can be an experience.

With the Bicentennial celebration officially underway, we are all becoming more aware of our American heritage. "The World Of The American Indian" from the National Geographic Society is a beautiful way to visit the first citizens of this land.

The American Heritage Century Collection of "Civil War Art" tells the story of that historical conflict in detail as seen through the eyes of on-the-scene artists. Couple this with a small book edited by Ralph Geoffrey Newman. "Abraham Lincoln-His Story in His Own Words" is a series of vignettes depicting the honesty and gentle humor of the Great Emancipator.

America has often been called the melting pot of the world. The promise of America is the theme of Oscar Handlin's "Statue Of Liberty." Outstanding illustrations and text make this a fascinating look back into our past.

Man has always looked to new horizons. "Antarctica: The Last Continent" by Ian Cameron examines the frozen land. Through photography, art, and interesting description of past explorations, the reader comes away with a better knowledge of the land and its potential.

"Discovering The Biblical World" transports the reader back into time. Written by Harry Thomas Frank, it's the illustrated story of the people, archeology, history and landscape of the biblical world. It is also well illustrated with color maps of that area.

Lord Langford has written a very readable biography of the most important figure of that biblical world. "Jesus: A Life of Christ" is written in the language of today and retells the timeless drama in a graceful and concise manner.

People as well as places come alive in the world of books. For the readers who enjoy Tudor history, a dual biography of the sisters of Henry VIII is entitled "The Thistle And The Rose" by Hester Chapman. It's a study in contrasts.

Another dual biography is "Louis And Antoinette" by Vincent Cronin. New research reveals the Queen as a responsible woman rather than the frivolous character so frequently assigned to her. The reevaluation of this misunderstood royal couple reveals them as devoted husband and wife in a great love story.

Two living writers offer their biographies and a glimpse of America not too long ago. "Mostly On Martha's Vineyard" is a personal record of Henry Beetle Hough and his life as the owner, publisher, and editor of a small newspaper called Vineyard Gazette. Entertaining, humorous, and shrewd, the book speaks out strongly for the cause of conservation.

"I At The Keyhole" by Colin Middleton Murry is the story of the author known as Richard Cowper. The son of two well-known writers, the author is able to paint for the reader a picture of the literary circle of the Thirties.

New York in the Thirties and organized crime are closely woven in the autobiography of Thomas E. Dewey. "Twenty Against The Underworld" is the fascinating story of the man who ended the reign of dozens of gangsters in the high echelon of crime and almost became the President of the USA.

For those dealing with employees, "Open Management" by Kofka and Schaefer is a guide for promoting better job performance.

A revised edition of "Speech Correction" by Charles Van Riper will be a help to anyone working with speech problems.

For the hobbyists, some interesting new titles are available: "Bargello: An Explosion In Color" by Margaret Boyles has many colorful new designs. "Building Early American Furniture" by Joseph Daniele has good information for the wood-worker.

For the artist, there's "Complete Guide To Watercolor Painting" by Edgar A. Whitney and for those hobbyists eager to get a jump on Christmas, "Christmas Ideas" by BHG is out.

Dog lovers will find National Geographic's revised edition of "Man's Best Friend" lovely to look at as well as informative.

Visit your Pickaway County District Public Library soon and enjoy the world of books.

Political Rivalry Splits PUCO

COLUMBUS, Ohio (AP)—The political split within the three-member Public Utilities Commission is becoming apparent at a time when soaring utility rates are causing the agency monumental problems.

Republican Chairman Luther Heckman and David C. Sweet, an 11th-hour appointee of former Democratic Gov. John J. Gilligan, bring their quarrels

regularly into legislative committee rooms where lawmakers are considering various measures bill as problem-solving alternatives.

Sweet, who headed the Department of Economic and Community Development under Gilligan until after GOP Gov. James A. Rhodes won last year's election, and Sally Bloomfield, another Gilligan appointee, are running right now what some have called the last bastion of Democratic rule in the state government's executive branch.

Heckman, 32, who served several years as counsel to the Republican minority in the Ohio House before being named by Rhodes in March as PUCO chairman, has been powerless to stop Sweet's obvious control over the commission. Members are named to specific terms and are not subject to political dismissal.

Sweet gets support from Democrats who control both houses of the legislature. Recently he won controlling board approval of a research contract he wanted with Ohio State University — over Heckman's objection. Sweet and Heckman gave

sharply divergent testimony over whether the contract was needed.

Heckman also may lose another battle involving a Democratic measure that would extend civil service protection to 45 Gilligan administration employees transferred to the PUCO after Gilligan lost the election. That bill passed the House and now is headed for the Senate.

A newsman asked the beleaguered chairman if he and Sweet traveled in the same state car for their debates in the legislature to save taxpayers' money.

"I don't know how he gets there," said Heckman. "I ride the bus."

Sen. Donald L. Woodland, D-16 Columbus, had a little trouble with arithmetic at a meeting of the Senate Commerce and Labor Department that he heads.

The 44-year-old senator asked a witness, "Let's see, if 35 employees were transferred in January and 10 others last November, that makes 35?"

"No," said the witness. "that makes 45."

"You'll have to excuse me," said Woodland. "I majored in physical education."

The Department of Transportation is using envelopes with the names of old Democratic administrators crossed out in green ink, and the names of the Republican administrators printed in.

A glance at the envelope also shows another portion marked out in green ink which reads, "The future belongs to those who prepare for it."

News Of Interest To Women

The Circleville Herald, Friday May 16, 1975

MRS. NOAH ROBERT BLOSSER

Wedding Vows Exchanged In Lancaster Lutheran Church

Selecting April 20th as their wedding date, Miss Joyce Ann Kerns and Mr. Noah Robert Blosser were united in marriage before the altar of First English Lutheran Church, 220 North Columbus St., Lancaster, at 2:30 p.m. in a double ring ceremony with the Rev. Herman V. J. Andres officiating.

Seven branch candelabra with white satin bows were on both sides of the altar. Acolytes were Mr. Brian Siler and Mr. Kevin Dickson. The flowers on the altar were a mixture of white and yellow daisy pompons, pink, white and blue miniature carnations and baby's breath. White satin bows marked the pews.

The bride is the daughter of Mr. and Mrs. Grant M. Kerns, 4995 Chillicothe-Lancaster Road, S. W., Lancaster, and the bridegroom's parents are Mr. and Mrs. O. Raymond Blosser, Sr. of 1357 Grassville Pike, Lancaster.

Mrs. Richard White was organist and Mr. Thomas E. Hite was vocalist. He sang "A Time For Us", "I Love You Truly," "We've Only Just Begun," and "The Lord's Prayer."

For her wedding day the former Miss Kerns wore a silk organza bridal gown featuring a V-yoke effect on the bodice, edged in crystal beads and seed pearls on rose point lace with the lace trim encircling the high neckline and extending over the shoulders onto the long full sleeves.

A French bow trimmed in the jeweled lace centered the back waistline and from it fell the circular train edged with the crystal and pearl trim. Her elbow length veil of double silk illusion completely edged in narrow lace was held to a comb.

The bride wore a watch around her neck that belonged to her great-grandmother and carried a cascade mixture arrangement of white and yellow daisy pompons, pink, white and blue miniature carnations and baby's breath. She also carried a white handkerchief, edged in blue, belonging to Mrs. O. Raymond Blosser Sr. who carried the handkerchief on her wedding day. She had a 1971 Eisenhower Silver Dollar lucky piece, borrowed from the groom, in her shoe.

Mrs. Jerry Nauman was matron of honor, wearing a yellow flocked dotted swiss long gown with short puff sleeves and empire bodice held with a square bow and streamers that fell over the A-line skirt. A large white picture hat with ribbon trim matched the color of the gown. She carried a cascade arrangement of white and yellow daisy pompons, pink, white and blue miniature carnations and baby's breath and wore a necklace and gloves, gifts from the bride.

Miss Martha Marie Moyer served as bridesmaid, Mrs. Larry Beougher as bridesmatron and Miss Jane Ann Beavers as junior bridesmaid. They were gowned like Mrs. Nauman in blue, green and pink flocked dotted swiss and wore large picture hats with ribbon trim to match the color of their gowns. They too carried cascade bouquets of white and yellow daisy pompons, pink, white and blue miniature carnations and baby's breath, and wore a necklace and gloves, a gift from the bride. All of the attendants made their own gowns. Mrs. John F. Shaeffer, Jr. served at the guest book.

Miss Jennifer Andres served as flower girl and wore a white flocked dotted swiss long gown with short sleeves and empire bodice with a pink streamer that fell over the A-line skirt. She wore a bonnet of the flocked dotted swiss with a pink streamer. Her dress

and bonnet were made by her mother, Mrs. Herman V. J. Andres. She carried a white basket arrangement of white and yellow daisy pompons, pink, white and blue miniature carnations and baby's breath and wore a necklace and gloves, a gift from the bride.

Master Joel Walter served as ring bearer carrying a heart shaped ring pillow.

Mr. Oliver Raymond Blosser Jr. of Stoughton, Wisc., served his brother as best man and the wedding guests were seated by Mr. Martin Walter, Mr. Russell Campbell, Mr. Kenneth Walter and Mr. Roger Ety all of Lancaster, and Mr. Roger Donovan from Pickerington.

Following the ceremony a reception was held in the church social room.

Featured was a five tiered wedding cake with each tier decorated in white, pink, blue, yellow and green. The cake was baked and decorated by Mrs. A. Lowell Hite of near Thornville. White wedding bells, streamers, candle and flower arrangements decorated the room. Mrs. Oliver Raymond Blosser Jr., Mrs. Rawn P. Greenman, Miss Shirley Ann Hedrick and Mrs. Martin Walter served as hostesses with Mrs. Herman V. J. Andres in charge.

After a weeks wedding trip through the Smoky Mountains, Kentucky, Tennessee, Virginia, North Carolina, Georgia and Indiana, the couple is residing at 217 S. Mt. Pleasant Ave., Lancaster.

The new Mrs. Blosser is a 1967 graduate of Amanda-Clearcreek High School, and is employed at Anchor Hocking Corp., Plant 1 in the Wholesale Distributor Sales Department as an administrative support secretary.

Mr. Blosser is a 1963 graduate of Lancaster High School, Lancaster, and is engaged in farming.

Out-of-town wedding guests were from Stoughton, Wisconsin; Columbus, Circleville, Ashville and Westerville, Ohio.

The rehearsal dinner was held on April 19th, at the Hotel Lancaster in the Gold Room.

Prior to the wedding the bride was honored with showers arranged by Mrs. Larry Beougher, Miss Martha Knowlton, Mrs. Rawn P. Greenman, Mrs. James Koon and Mrs. Martin Walter, Mrs. Daniel Claypool and Mrs. Roger Ety, Miss Martha Marie Moyer and Mrs. John F. Shaeffer, and Mrs. Jerry Nauman and Mrs. Clarence Turkenton.

Say CIA Activity Hurts Missionaries

NEW YORK (AP) — Representatives of American missionaries overseas, whose work depends on their being trusted by people of other lands, say that recent disclosures of CIA activity abroad have jeopardized mission efforts.

"It creates suspicions and puts the missionary in a precarious position,"

says the Rev. Charles P. Davignon, of the Catholic Foreign Mission Society of America, whose about 1,000 far-flung members popularly are called Maryknoll missionaries.

"Our work has been put under kind of a shadow."

Similar anxieties have arisen in numerous missionary agencies, both Protestant and Catholic, as accumulating information emerges about undercover CIA intervention in affairs of foreign countries, particularly in Latin America.

"A lot of missionaries are nervous about it," says the Rev. William Wipfler, an Episcopal priest and head of the Latin American section of the National Council of Churches Division of Overseas Ministries.

"We see signs it could begin the closing of doors," he added in an interview.

Altogether about 42,500 American missionaries labor in countries abroad, 7,500 of them Catholics and 35,000 of them Protestants. Nearly 12,000 of them work in Latin America.

The Rev. Eugene Culhane, of the Latin-American division of the U.S. Catholic Conference in Washington, D.C., says revelations of clandestine CIA manipulations in foreign cultures cause their people to "put up their guard" to missionaries.

"It's going to reduce the rapport," he said.

The uneasiness in missionary circles first began generating last fall after disclosures about CIA expenditures in Chile to buttress opposition to the Salvador Allende government in the period before it was overthrown in a military coup.

"The Church: In Praise of God's Power" is the sermon topic for the 9 a.m. worship service at Calvary United Methodist Church.

The sermon theme for the Sunday worship services at Trinity Lutheran Church is "Hearts Aflame". Thirteen young people will be confirmed during the 10:45 a.m. Confirmation Service.

"Resurgence '76" A celebration of the Nation's Bicentennial is the theme and sermon topic for both the 8:30 and 10:45 a.m. service at the Community United Methodist Church.

Special music will be provided by New Life and the combined choirs of the church.

Colors will be presented by the Boy Scouts. The church will also have a special display of flags.

"Excuses, Excuses" is the sermon topic for the Sunday worship service at the First Presbyterian Church.

The sermon theme for the Sunday worship service at the Northridge Church of Christ is "Pentecost and Why It Came".

The Christian Brothers Quartet of Portland, Ind., and The Royallaires of Circleville, will provide special music in the 10 a.m. Sunday service at the Morris United Methodist Church.

The Master's Touch

God must love beauty, to use it so lavishly. The Master Artist dapples the soft green leaves with golden sunshine, turns the brook to flowing crystal, and puts a song into Spring itself.

There is beauty in us, too . . . because He put it there. In His sight, none of us are ugly, none of us are forsaken, none of us are "lost."

But sometimes, in the busy process of day-to-day living, we turn blind eyes upon the world's loveliness, and take for granted the gifts which should brighten the hours and years. We need a faith that gives us vision to find again the inner beauty He gave us in the beginning . . . a gift which He never takes away. Let us go, then, to His Church. Let us "enter into His gates with thanksgiving . . . for the Lord is good; His mercy is everlasting; and His Truth endureth forever."

Backpack Trail At Zaleski State Forest To Open

NEW BACKPACK TRAIL—The Ohio Department of Natural Resources will open its second backpack trail with overnight camping facilities Saturday morning. The nearly 22-mile trail is in Zaleski State Forest in Vinton County west of Athens. The sketch, complete with names of communities and highway route numbers, locates the trail and forest in Southeastern Ohio.

Ohio's second backpack trail with overnight camping facilities will be opened Saturday (5-17) by the Department of Natural Resources (DNR).

The Zaleski Backpack Trail, nearly 22 miles long, is in Zaleski State Forest in Vinton County west of Athens. DNR's first backpack trail was the 50-mile Shawnee Backpack Trail in Shawnee State Forest in Scioto County west of Portsmouth.

Richard E. Midden, DNR's deputy director for administration, will be joined by Ernest J. Gebhart, chief of DNR's Division of Forestry, to formally open the new backpack trail at 9:30 a.m. Saturday. The ceremony will be at the beginning of the trail at Hope Furnace in Lake Hope State Park, located off State Route 278 north of the town of Zaleski.

The opening of the Zaleski trail will come during DNR's annual Spring Conservation Workshop at Lake Hope State Park.

"The popularity of the Shawnee trail led to the opening of a new backpack trail in Zaleski State Forest," said Natural Resources Director Robert W. Teater.

"More and more Ohioans are enjoying the outdoors through backpacking, and the sport appears to be increasingly family oriented."

Teater explained that the Zaleski trail is geared more to families than the Shawnee trail. There's a 10-mile loop at the beginning that can be taken for a shorter jaunt and a six-mile loop midway through the trail that can be eliminated to shorten the length of the full trail.

Operated by the Division of Forestry, the Zaleski Backpack Trail goes through a turkey management area, which is jointly administered by the Forestry Division and DNR's Division of Wildlife.

Highlights along the trail include remnants of an old mining town and the original road from Marietta to Chillicothe, mounds built by Adena Indians two thousands years ago, old mining areas and a striking view of a valley from cliffs along the route, said Gebhart.

Teenagers attending DNR's Youth Conservation Corps (YCC) camp last summer at Zaleski State Forest developed the backpack trail utilizing old firefighting trails, logging tracks and township roads. Those at the Zaleski YCC camp this summer will work on refining the trail system.

The Zaleski trail eventually will have three primitive camping areas along its route complete with pit latrines, fire rings and water supplies. The camping area on the first leg of the trail is ready for use now, and the other two areas will be ready later this summer.

Hikers must register before starting on the trail either at the Zaleski State Forest headquarters off State Route 278 at the town of Zaleski or at a self-registration station at the beginning of the trail.

Rules for use of the Zaleski trail, a

map of the trail and other details are included in a brochure available at Zaleski State Forest headquarters, the self-registration station or by writing to the Division of Forestry, Ohio Department of Natural Resources, Fountain Square, Columbus 43224.

Re-Generation Entertains At Rotary Club Meeting

The Circleville Rotary Club was entertained Thursday at noon by the Re-Generation directed by Derric Johnson. The group consists of ten college-age singers and performers who have been touring the country visiting various service clubs and religious groups.

Their program is carefully designed to communicate the happiness, commitment and concern of a faith that works. Their talent and concept are carefully blended into an exciting and vibrant encounter with the things that really matter.

During the luncheon period that followed, the group sat with the Rotarians.

Auditions are held each year and a

few of the group are replaced out of the 1,000 applicants vying for the positions. The group performed at the First Baptist Church Thursday night before going on to other cities.

In regular Rotary business, Steve Stevenson reminded the members of the coming Bike-A-Thon on Sunday. The event will begin at 12:30 at the Ted Lewis Park. Chris Shuter will represent the local club on the 45-mile tour. Rotarians were asked to support the cause.

PRJV School Board Completes Negotiations With Teachers

The Pickaway-Ross Joint Vocational School Board met in regular session Thursday night to approve the negotiations package between the board and the teachers' organization. The negotiations have been completed and the board ratified the agreement.

After ratifying the agreement, the board incorporated the items into policy. The main topic of the agreement was a seven per cent salary increase for both the certificated and the non-certificated personnel.

The agreement also provides for group-term board-paid life insurance for employees in the amount of \$5,000. Payment of extra duty assignments was incorporated into the board's revised policy.

A final item of the policy included the teachers agreement to work with the board members and the school administrators on the development of comprehensive school-wide programs in energy conservation, school safety and first aid training.

In other action, the board re-employed all the presently employed non-certificated personnel. Tom Harp was re-employed as supervisor of agriculture and adult education and Ronald Better as academic supervisor.

A policy was proposed regarding extended service and was implemented on a similar basis as last year.

The resignation of Mrs. Patricia Mote, English teacher, was accepted.

The board entered into a maintenance contract with A. B. Dick of Columbus and authorized advertising for the purchase of a mini computer to

be used for instructional purposes in the office education classes.

The senior year addition of the cosmetology text was adopted.

The board also agreed to establish the position of a trades and industry supervisor. No recommendations regarding a person to fill that position were made.

Approval was then made for three safety programs to be continued under the adult education program. They are vital signs and basic fire service training to be offered for the Deerfield Township Fire Department and special law enforcement designed to help the Ross County Sheriff's Department.

Ray Pack, coordinator of guidance, reported to the board that current enrollment statistics show 508 juniors registered for next year. The school had 13 programs that still have openings. Among these are the work-study programs.

Pack also reported on the occupational lab program which has been helpful to some students who had adjustment problems. The program was designed for students who are still undecided about their future and have had little success in school. Bob Bowers of Laurelville teaches the class.

A report was given to the board by members of the committee on the agricultural land lab. The committee is made up of board members Dr. George Shaw and Wendell Evans with Forrest Brown as chairman. Representing the school staff on the committee are Tom Harp, Ralph Neal and Gary Speelman.

BARB DOWD AND STEVE STOCKLEN

BEST ACTRESS AND ACTOR

Best Senior Actor, Actress Selected

By VICKI MARSHALL

Best actress and actor were chosen for the CHS senior class play, "Great Caesar's Ghost." Barb Dowd was selected as best actress and Steve Stocklen was chosen best actor.

Friday and Saturday's audience voted, and the names were announced after the performance Tuesday at school.

"I was excited to get the award and I was excited for the show because it went so well," was Barb's reaction to being selected. Steve commented, "I thought it was pretty neat, but I couldn't have done it without the rest of the cast."

The seniors worked hard on the play. There were 35 rehearsals held before the play. Total practice time was about 70 hours. Barb's comment about practice was, "It got a bit trying at times, but it was a lot of fun." Steve commented, "The cast party was a lot of fun."

When asked how they benefited from the play, both agreed, "We got the experience of being in front of people which really helps develop a personality."

Steve commented of the success of the play, "I feel the play was a great success, but there should have been a bigger turn out. Next year people should support the play more."

For the first time the senior class presented the play to the entire student body. Barb thought, "Although I haven't been in Circleville long, I thought it was a good experience to perform in front of friends. The school was our best audience because they responded well." Steve commented, "I thought it was great and we should do it again."

Barb plans to study voice and participate in theatrical productions at Indiana University. Steve is planning to attend Ohio State University.

Classes Visit Orient State Institute, Study Mental Retardation

By EVELYN HOWARD

A visit to Orient State Institute was made by Richard Billman's psychology and sociology classes May 8. The tour was part of a week's study on mental retardation.

Three buses left Circleville High School at 9:30 a.m. to travel to the institution. Arrangements had been made through Dick Bowser and John Wagner, and a one hour tour was taken through three of the cottages. Prin-

cipal Bennett also led a tour through the school.

The institute houses 2,959 residents, and special programs have been set up to aid each resident according to his ability and degree of mental retardation. These program areas include a Community Preparation Unit, a Pre-Vocational Unit, an Aid to Daily Living Unit, the Physical Disabilities Unit, a Geriatric Unit (for the elderly), a Self-Care Unit, and a Total Care Unit.

The Community Preparation Unit has a projected total population of 600 residents between the ages of 19-59. These residents have self-help skills such as washing clothes, using money, reading warning signs and general information signs, etc. They are also taught some academic and/or vocational and social skills.

Through this program they are moved from a cottage, with 40 people, to a room with only one other person. After this social adjustment, they may later be moved into a community home.

The institute itself is set up like a small community with church services, a school, a hospital, recreational facilities, and a cafeteria. A few residents have bicycles, which have been donated to the institute. Lack of funds is a chief problem of the institute.

Most of the psychology and sociology students felt the trip was a valuable experience which they will long remember. All sympathized with the institute's lack of funds, and many stated that the trip had made them more aware and grateful for what they have.

Despite the lack of funds, the institute seems to be a well-run institute, which provides good programs and care for the residents.

Nature Area Created

By MARY HORST

CHS's newly established nature area is developing under the direction of William Brooke, biology teacher.

The biology classes have already planted over 150 evergreens behind the north side of the football field. They are now in the process of planting specimen trees along the east end of the football field. Among the trees to be planted are dogwoods, dawn redwoods, yellow woods, ginkgos and others.

According to Brooke, the classes are developing an arboretum, an area in which trees are planted for display purposes.

The senior class of 1975 is also making an addition to the nature area. They plan to donate three seasonal maple trees and a bronze plaque in memorial to Roberta Wilkinson, a student who was killed in an automobile accident two years ago.

In addition, Don Poling, agriculture teacher, plans to plant demonstration plots 10 feet square of corn and soybeans by May 1 in the area. Art Davis, agriculture student, has agreed to care for the crops during the summer months.

Poling stated, "We hope to put to practice some of the theories that we teach in class."

Guidance Guidelines

As the end of the school year draws near, many seniors are making definite their plans for attending some form of higher education next fall. As that time approaches, more thought is focused on the increased costs which any higher education program involves.

In the past, government aid programs - such as Basic Educational Opportunity Grants, Supplemental Education Opportunity Grants College Work-Study Program, National Direct Student Loan Program and the Ohio Instructional Grant Program - have been mentioned in this column.

One additional financial aid program which receives little publicity is the Ohio Student Loan Program. Ohio residents who are enrolled or intend to be enrolled at least half-time in eligible institutions may borrow up to \$2,500 per year to pay educational costs. These loans do not require repayment until after the student leaves school or graduates.

Applications are available at local banks and other lending institutions that participate in the program and additional information is available from the Ohio Loan Commission, 34 N. High St., Columbus, 43215.

Dear Abby:

By Abigail Van Buren

Husband Ignores Suicide Threat

DEAR ABBY: My wife attempted suicide (with pills) twice. Both times she came running to me to tell me what she had done, so I rushed her to the hospital to have her stomach pumped. She pulled that stunt again, and I refused to take her to the hospital because I wanted to teach her a lesson. She was very sick on the third try, but she was able to telephone her sister who rushed over and took her to the hospital. Of course, like the first two times, she survived.

Now my wife is barely speaking to me. She accuses me of wanting her dead, that's not true, Abby. If I had wanted her dead, I wouldn't have rushed her to the hospital the first two times. On the third try, I felt that I had to teach her a lesson. Was I wrong?

NAMELESS
DEAR NAMELESS: Yes. An attempted suicide is a desperate cry for help. I hope your wife is getting professional help to investigate the underlying reasons for her suicidal behavior. She may make yet another attempt and succeed, just to teach YOU a lesson.

DEAR ABBY: My wife and I have a problem. We both graduated from high school in 1965. Her school is in the city in which we are presently living and mine is in a town 250 miles from here. By coincidence both high schools are having their 10th reunion on the same evening!

My wife says that she will not miss her class reunion no matter what, and I feel the same way about mine.

We have had all sorts of advice on how to settle it, but we want to know how you'd solve it.

BILL IN ATLANTA
DEAR BILL: Simple. I'd go to my class reunion, and let my husband go to his.

DEAR ABBY: My problem is my husband's snoring. I am a very light sleeper, and he snores so loud that I can't sleep.

I have tried waking him up and asking him to turn over on his side, but that doesn't work. As soon as he's asleep, he rolls over on his back and starts snoring again.

I don't want to start taking pills to make me sleep, and I don't want to have to go into my little boy's room as I have done on several occasions.

My husband was in a hospital two months ago, and he was in a ward because that's all we could afford. Well, he snored so bad they had to move him into a private room at no extra cost to us because he was keeping everybody in the ward awake. Can you help me?

LIGHT SLEEPER
DEAR LIGHT: Your husband should see an ear, nose and throat doctor. Some snorers can be cured with minor surgery. If he can't try ear plugs for yourself.

CONFIDENTIAL TO S.J.L.: Make a mental note of it. You can tell a great deal about a person by observing how he treats someone who can't do him any good.

Answers For Veterans

EDITOR'S NOTE: Each week the Circleville Herald will publish a series of Questions and Answers of interest to veterans. These questions and answers are some of the many presented to James P. Shea, Pickaway County Veterans Service Officer. Any veteran desiring further information concerning his Veterans Administration benefits should contact the Veterans Service Officer in the basement of the Pickaway County Court House.

(Q) Has the state of Washington approved a bonus for Viet Nam veterans? If so, what are the eligibility requirements, deadline for filing and where can application forms be obtained?

(A) Yes. Applicants must have received the Viet Nam Service Medal for service between August 5, 1964, and March 28, 1973, and have been state residents for one year immediately before entry on active service. Bonus is \$250, payable in cash or as a tuition credit applicable at any college or university in the state. March 28, 1975 is the application deadline. Forms are available from the Viet Nam Veterans Bonus Division, P. O. Box 586, Olympia, Washington 98504.

(Q) How much can I pay for a home bought with a GI Bill loan guaranteed by VA?

(A) As much as you can afford. However, there is a limit on the amount of the VA guaranty. It is 60 per cent, up to a maximum of \$17,500. Also, the loan cannot exceed VA's appraised value of the property. A veteran may pay more for the home than the VA-appraised reasonable value. However, he must certify that, from his own resources, he has paid in cash a sum equal to the difference between the

purchase price or cost of the home and its reasonable value.

(Q) Hasn't there been a change in VA regulations which allows a remarried widow to get back on the pension rolls if the second marriage is dissolved?

(A) Yes. Public Law 376, 91st Congress, approved in 1970, provides for restoration of benefits to widows whose subsequent marriages are dissolved by divorce or death. Widows seeking to regain benefits under the 1970 law should contact their nearest VA regional office or local veterans' organization.

(Q) I am a disabled veteran and six years ago I bought a car with a grant from the VA. Will VA now replace the worn-out adaptive equipment which I had installed?

(A) VA will pay for installation, maintenance and replacement of adaptive equipment, but the car grant is a one-time benefit.

(Q) Since my husband's death from a service-connected illness, I have adopted a little girl. Could she be included in our Champva benefit, even though my husband is not her father?

(A) Adopted children are eligible for Champva as long as they join the household within two years after the veteran's death, or were living at the veteran's home when he died.

Scioto Downs Opening Tonight

COLUMBUS, Ohio (AP) — A field of six, headed by early favorite Savior, competes in the \$8,000 free for all trot tonight, the opening feature of Scioto Downs' 100-night harness meeting.

Savior, a 7-year-old gelding, has earned more than \$713,000 for his owners, Allwood Stables of Far Hills, N.J. He will be driven by Dick Buxton.

Also in the opening feature will be Dancing Party, Parlay R.C., Keystone Mite, Moshannon Express and King Storm. Posttime is 15 minutes earlier this year at 7:45.

After Aqueduct ends an 88-day meeting, thoroughbreds will race for 48 days at Belmont Park starting June 2.

Willie's Dillies

By BILL MCGAFFNEY
Herald Sports Editor

To make something worthwhile and an enjoyable thing, it takes a lot of hard work, consideration and cooperation on the part of all concerned.

We are referring to the summer baseball program in Circleville that just grows bigger each year. This is a good program as it gives the kids something to do and makes them part of a team where they soon learn that everyone has to try his or her best for the good of the team.

But, sometimes problems crop up and they must be taken care of before they get out of hand. With the Mosquito, Little League Majors and Minors, Babe Ruth, Pony League, Girls Softball and Slow Pitch League all getting ready for the season, it has created a problem.

Where are they going to get enough fields to handle somewhere between 60 and 80 teams? Right now we are hearing complaints that some of the teams are not getting a chance to practice. We have also heard of a team getting a field and holding it for two or three hours—This is not fair to the other teams.

Maybe each league should send a representative to an overall league meeting where they might be able to work up a practice schedule where each team would get its share of practice time. Even if they limit the practices to an hour—It is certainly better than no practice at all.

Remember—everything moves a lot easier when everyone is pulling in the same direction.

Our "fearless" forecast—We'd like to see "Buffalo Billy" shoot them down in the New Orleans Open.

Avitar will be a star without weakness in the Preakness.

Until next time, have a nice day-be a good sport.

Casper And Nelson Lead Golf Tourney

NEW ORLEANS (AP) — A little rest, says Billy Casper, makes all the difference.

"Down through the years, the key to my success has been in getting time away from golf," the portly, 43-year-old veteran said. "I can get away for a time, rest, get completely refreshed. That's what I did the last few weeks. Just chased the kids around the farm."

And Casper, though still suffering from the lingering effects of a virus that once prompted his withdrawal from this tournament, followed a rest with a five-under-par 67 that gave him a share of the lead with Larry Nelson in Thursday's first round of the \$150,000 New Orleans Open Golf Tournament.

Just one stroke back at 68 were

England's gangling Peter Oosterhuis, Allen (no relation to Johnny) Miller, Gary Sanders, Mike Morley and Danny Edwards.

Veteran Dave Hill headed another large group at 69.

Defending champion Lee Trevino matched par 72 on the 7,000-yard Lakewood Country Club course, still wet and soggy from two days of rain.

"I played pretty good, just didn't get the ball close enough to the hole," said Trevino, who complained bitterly of poor putting after missing the cut in last week's Byron Nelson Classic in Dallas.

"It's getting better," he said, grinned and paused. "It couldn't get any worse."

Tony Jacklin of England shot a 73 in his first start of a return to full-time competition in the United States.

Jack Nicklaus, Arnold Palmer, Johnny Miller and Gary Player are not competing.

Vikings Down Grandview

Teays Valley tallied three big runs in the bottom of the fifth inning to top visiting Grandview, 4-1, Thursday and run its Metro League mark to 7-4.

The big blow in the frame was a two-run single by Brad Stuthard for his second one-bagger of the game.

The Vikings scored a single run in the bottom of the first while Grandview nailed its lone marker in the top of the fifth.

Terry Smith went all the way for Teays Valley, allowing five hits, two walks and fanning three.

Mason took the loss for Grandview as he gave up five hits, walked five and struck out one.

Terry Southers rapped a double and single while Chuck Glitt slashed a single to account for the Viking safeties.

Teays Valley is now 17-9 for the season and will be at Olentangy 4:30 p.m. Monday.

Logan Elm Girl Qualifies In Meet

Logan Elm's Joyce LaFontaine ran in the Pre-District track meet Thursday at Upper Arlington and qualified for the District semifinals to be held 4 p.m. Thursday at Upper Arlington.

Joyce qualified in the 440 with a time of 65.1 and in the 220 in 28.3.

This is the first year that the girls will have a State track meet.
